AI-driven listing  
of the best brokers worldwide

MEDIA KIT 2023

## ABOUT US

# FXonline.ai is revolutionizing the forex and trading industry by merging the science of data with listing services

The platform's algorithms take into account a wide range of factors, such as regulatory compliance, financial stability, client satisfaction, and industry recognition, to provide a thorough and objective evaluation of each broker. This helps ensure that users and traders can make informed decisions when choosing a broker to work with.

The AI-driven platform uses advanced algorithms to analyze and process vast amounts of data, providing users with a more accurate and comprehensive assessment of forex and trading brokers.

The screenshot shows the FXonline website's 'Top rated forex Brokers' page. The navigation bar includes the FXonline logo, 'BROKERS RATING' (highlighted in red), 'NEWS', 'PROMOS', 'ABOUT', and a search bar. Below the navigation, there are filter buttons for 'Best Forex Brokers', 'Best MT4 Brokers', 'Best Brokers in Malaysia', and 'Best Forex Platforms', along with a 'Filter' button. The main content area is a table with columns for Rank, Name, Rate, and Info. The first row, representing 'Your Broker', is highlighted with a red dashed border. Below it, two other brokers are listed with ranks 1 and 2.
